Services in the Presbyterian Church every Sabbath morning and evening, Rev. J. V. McAninch officiating.

LOCAL AND MISCELLANEOUS.

Resolutions of Respect. Hereafter all "resolutions of respect" will be charged for at the rate of 75 cents for each publication.

Oil market \$1.40. Court convenes next Monday. Geo. Raab was up from Oil City Thursday.

G. W. Robinson left Monday for the Atlanta exposition. Newest hats and caps for winter wear at Miles & Armstrong's.

Miss Clara Dunkle is home from a two months' stay at Brocton, N. Y. A good second-hand boiler for sale cheap. Inquire at this office.

J. Ross Barr of Marienville, gave the REPUBLICAN a social call Wednesday. They finally got here. We mean the lot of Overcoats just received at Lanson's.

Mr. and Mrs. J. G. Green of Elko, N. Y., are paying a visit to Tionesta friends. We said last week that Lanson has home-grown chop, but meant to say home-ground.

L. E. Osgood was down from Hickory yesterday for a few hours and gave the REPUBLICAN a friendly call. The entertainment at School Hall last Friday evening was a success all round, and afforded much pleasure to all who attended.

There is an epidemic of sore throat going the rounds of the town, somewhat resembling quinsy, but not so severe or lasting as that disease usually is. Oysters, large fat fellows, and fresh as the cars can bring them, to be had at Amers' these days.

Fruits, confections, cigars, tobacco, etc., in abundance. Capt. Haight and C. E. Huontinton of Cooper Tract, Judson of Pigeon, and A. P. Anderson of Brookston, were pleasant callers at the REPUBLICAN office during the week.

Rev. S. Sager, who is now stationed at DuBois, occupied the pulpit at the F. M. church here last Sabbath evening, and was greeted by a large number of his former parishioners. Coons have been plenty and large this season, but the prize catch, so far as we have heard of, belongs to Charles Smith of Stowtown, who recently bagged one that weighed 40 pounds.

Mr. and Mrs. S. H. Haslet came home Monday from a rather extended trip south, visiting the Atlanta exposition in their travels. They were delighted with their tour, especially the climate. F. A. Beatty, the energetic agent of the Erie lines, was up from Oil City Saturday looking after the company's interests. His line has some nice rates to Atlanta to offer the public at this time.

Judge McCray was down from Marienville Monday. He is the same genial Jack that he always was, and the little matter of a few hundred votes seems to make no difference in his friendly greeting to all. When in town next week step in and see Kirshartz Bros. They have a restaurant where you can get anything in the eating line. Also a full line of tobacco and cigars, and the finest line of good candies ever brought to town.

—Miss Josie Zahiser visited her father, H. M. Zahiser, a few hours yesterday, being on her way to visit with her sister, Mrs. J. M. Vanderlin, at Butler, Pa.

—As per notice in this issue, the grand jurors summoned for the November term of court are excused from service, there being no business in sight that will require their presence.

—The *Blizzard* of Monday says: It affords us pleasure to state that Guy Hecker is on the road to recovery and that the attending physicians are of the opinion he will soon be able to take a stroll on the streets.

—Dr. Towler returned from Pittsburgh Tuesday and says that while Mrs. A. D. Neill is very low there are many things favorable to her recovery. Her many friends are hopeful that she may yet be restored to health. —*Marienville Express*.

—Rev. C. R. Thomson writes from Philipsville, Erie county, that typhoid fever is prevailing there to an alarming extent. One death, Miss Etta Preble, occurred on Sunday, from the disease. Three physicians are kept busy and yet the disease spreads.

—"Farmer" Dean's well at Hunter station is expected in this week, at least it is expected to reach the 2,000-foot depth, which Mr. Dean believes will be a fair test. The well on the C. Jensen farm, Ross Run, was commenced last week and is making good headway.

—H. G. McKnight, H. W. Rathburn and —Breckenridge, were up from Oil City last Thursday trying their luck at the game. They seemed well satisfied with their day's sport except "Mac," who complained a good deal about the scarcity of the small boy with a pheasant for sale.

—A law passed at the last Legislature provides that hereafter the number of councilmen in all boroughs not divided into wards shall be seven. At the election in 1896 seven councilmen shall be elected, two to serve one year, two for two years and three for three years. The present council will serve the time elected for.

—Miss Aggie Kerr, County Superintendent, has set Dec. 30 as the date for the commencement of the teachers' institute. She has secured Frank R. Hindman Esq., of Clarion for one evening's lecture, and for Wednesday and Thursday she has been very fortunate in getting the far famed Will Carlton. If such talent does not secure packed houses, then there is no use trying. Prof. Greah will again have charge of the musical department.

—Miss Edith Green, who has delighted Tionesta audiences with her charming elocutionary powers, will give an entertainment at Nebraska, Friday evening, Nov. 22, assisted by the young ladies of Nebraska. The entertainment will be under the auspices of the W. C. T. U., and entitled "An Evening with the Maids of Greece." The program will be sufficiently varied to please all, and these who would enjoy a treat should attend. Admission 10 and 20 cents.

—Mr. Thos. H. Nicholson of Oil City, spent last Sabbath with his family, who are sojourning in Tionesta for a brief season. Mr. Nicholson will be a candidate at the Venango county Republican primaries next spring for county treasurer and if his many friends in this section could take a hand in the affair there wouldn't be much question about his nomination and election. He is one of Oil City's representative business men, a staunch Republican, and deserving of a good support at the hands of the party.

—The little ladies of this place have organized an Arbutus Club with the following list of officers: President, Florence Fulton; V. Pres., Katie Osgood; 2d V. Pres., June Herman; Sec'y, Edith Hopkins; Assist. Sec'y, Alice Arner; Treasurer, Daisy Craig; Assist. Treas., Nettie Clark; Guard, Virginia Siggins; Assist. Guard, Evelyn Clark; Chaplain, Elva Lanson; Assist. Chap., Bertha Vought. Misses Florence Fulton and Edith Hopkins were mainly instrumental in the organization of the club, which meets every Saturday afternoon at 2 o'clock.

—The thing which has now specially yearns for is the ability to spread the blessings of life more evenly along from year to year says the *Franklin News*. It's either a feast or a famine, a deluge or a drought. One season, the farmer's potatoes are so small the hens won't scratch 'em up; next season they're "as big as what hogs dream of when they're most too fat to snore." This year the corn crop in Iowa is so tremendous that the farmers will not haul it to market for the paltry price it will bring. Only a year ago they were selling corn at the highest price in the history of American farming, and feeding wheat to the hogs.

—Mrs. Susanna Cussins, relict of the late Samuel Cussins, died at her home in Barnett township, Nov. 5, 1895, aged 77 years and 21 days. On the Saturday preceding her death she suffered a stroke of paralysis, from which she fell asleep and peacefully passed away. She leaves four children by her first husband—Peter, Herman and J. C. Knight, and Mrs. Elmira Cussins. She had been a resident of Barnett twp. for over 50 years, and was a woman greatly beloved by all who knew her. The funeral took place on Thursday last, conducted by Rev. Mr. Kane, of the Presbyterian church, of which she had been a devoted and consistent member from girlhood. The interment took place in Greenwood cemetery.

—The rains of last Friday and Saturday were sufficient to soak the earth thoroughly, as well as afford a nice boat flood for the lumbermen, who have not been slow to take advantage of it. A large number of boats and barges that have been moored in this eddy all summer started for the lower markets Monday, and another batch was run out of the creek from the Nebraska yards and started on their southward course yesterday. Up to this time the weather has been propitious for running, and the prospects are that all will get through safely. A coal flood on the Ohio now would be a blessing alike to those who have the coal to sell and those that burn it, and would also brighten up matters in this section materially.

—An accident occurred a short distance above Nebraska early Monday morning by which Mr. E. T. Beckwith was severely injured and two or three others less seriously. A crew of four or five men were going up the railroad for their work on a hand-car before daylight, and when within a few rods of Joshua Thompson's place the car was thrown off the track by a tree which had fallen across it during the night. Mr. Beckwith's right hip bone above the joint was broken and he was otherwise bruised considerably. About all the others were more or less hurt, but not seriously. Dr. Morrow was summoned and when he left his patient he was feeling quite comfortable considering the painful nature of his injuries, and the Dr. believes he will get along without further difficulty.

—The *Marienville Express* gives the following particulars of a very sad occurrence at Scotch Hill, Clarion county, on the 29th ult., by which Bert Breniman, a young man aged 19 years, lost his life: Young Breniman and some companions had been drinking during the evening, and he and a companion had a fight. After the fight Breniman was unable to help himself and was taken to an old barn owned by a man named Smith, which was near his home. About three o'clock in the morning Miles Breniman, father of the young man, noticed the barn on fire and dressing over, but seeing that he could not put out the fire watched it burning for some time and then returned to his house and again went to bed. The next morning the lifeless body of the young man was found by a large stump several rods from where the old barn stood, the clothing having been burned from the upper part of the body. Just how the barn was fired and how the young man got out and by the stump are things that will possibly never be known.

—Work on the new mill of Wheeler & Dusenbury at Stowtown, is rapidly progressing, and its completion is expected within the next three or four weeks. Everything connected with the new plant is on a massive and substantial scale, and when finished it is safe to say the mill will be second to none in the county, and Forest county has some fine saw mills. The new water works are practically completed, and the water about ready to turn into the line. Supt. D. W. Clark, who has had full charge of the construction of the plant from start to finish, estimates that they will have 130 pounds pressure at mill. The reservoir consists of a solid stone dam built across a ravine at an elevation of 300 feet, and will hold about 4000 barrels. It is fed by a pure mountain stream, which in the past extraordinary dry weather has yielded several hundred barrels daily. Mr. Clark has done a fine job of work, and the town will not lack for adequate fire protection when once the mill is under motion again. Everything about the town is on a modern plan, no conveniences are lacking to make things comfortable, and a more contented, happy community could not be found in a week's travel.

—When you can't find what you want in overcoats, pants, or underwear for men or children, come to Miles & Armstrong.

—Four sacks of good, warranted flour at Lanson's for \$3.50.

—Newest styles of Neckwear at Miles & Armstrong's.

Thanksgiving.

President Cleveland has appointed Thursday, Nov. 28th, as a day of national thanksgiving, and in his proclamation says:

"On that day let us forego our usual occupations, and in our accustomed places of worship join in rendering thanks to the giver of every good and perfect gift for the bounteous returns that have awarded our labors in the field and in the busy marts of trade; for the peace and order that has prevailed throughout the land; for our protection from pestilence and dire calamity, and for the other blessings that have showered upon us from an open hand.

"And with our thanksgiving let us humbly beseech the Lord to so incline the hearts of our people to him that he will not leave us nor forsake us as a nation, but will continue to us His mercy and protecting care, guiding us in the path of national prosperity and happiness, endowing us with rectitude and virtue, and keeping alive within us a patriotic love for the free institutions which have been given to us as our national heritage.

"And let us also on the day of our thanksgiving especially remember the poor and needy, and by deeds of charity let us show the sincerity of our gratitude."

—Another lot of those fine dress Overcoats just in this week at Miles & Armstrong's.

—If you need a dress of any kind don't fail to look over the line of Dress Goods at Lanson's.

—Coming—Winter with his storms and cold weather. Going—Overcoats and Ulsters that protect you from the weather, at Miles & Armstrong's.

—Any person desiring first-class dental work done will do well to bear in mind that I will be in Tionesta for the week commencing on the first Monday of each month.

R. H. STILLBORN.

—Why pay a high price for a "tailor-made" when our suits and overcoats fit you just as well, look as well and wear as well, at prices that are not more than a half so high. If you must have a "tailored" suit we will make it, save lots of money, and cost you nothing until you are satisfied with fit and style. See our complete line of samples for suits from \$13 upward. Miles & Armstrong.

National W. C. T. U. Convention at Baltimore, Md.

[Continued from last week.]

Mrs. K. L. Stevenson, National Corresponding secretary, and Mrs. Helen M. Barker next gave their reports. Mrs. Barker termed Pennsylvania as the "Banner State" showing an increase of membership of over 2000; New York, 1000; Ohio, Oregon, Southern California, Connecticut and Maine each show a gain of 500, while the rest all show a gain over last year. Total receipts for the year \$23,088.90; total expenditures \$18,029.37, leaving a balance of \$4,979.53. Miss Barker also compared the growth of the W. C. T. U. by giving a statement of the amounts paid by several states now to the National W. C. T. U. and the amounts paid seventeen years ago, when the Convention was held in Baltimore. Non-ide Evangelistic services were conducted by Mrs. M. M. Snell, Mississippi National evangelist.

I must not forget here to mention the noonday luncheon that was so bountifully provided by the W. C. T. U. ladies of Baltimore, to its 500 delegates and visitors. They were all seated and served at one time in the immense basement dining rooms of the Hall which were presided over by ladies from different parts of the state of Maryland. This elaborate luncheon which was given during the five days the Convention was held, proved beyond a doubt the proverbial hospitality of the people of Baltimore.

The afternoon was taken up by reports of Superintendents on Young woman's work, Work among foreigners, Loyal Temperance Legion, Scientific Temperance Instruction, Physical Culture, Narcotics, Sunday School work, Literature and The Press. These superintendents were each allowed ten minutes for reports. I should like to comment on some of these excellent reports but it would not leave me the room for a glimpse at other parts of the convention which is all I can hope to give in this brief sketch.

Mrs. Ormiston Chant, of England, was then introduced to the convention, was given a cordial greeting and made a few remarks.

The first evening of the Convention was given to addresses of welcome and responses. After devotional exercises the ode of welcome, "Maryland my Maryland" rang out its inspiring welcome to its guests within the state limit. Miss Willard regretted that the Governor of Maryland had not been able to be present and offer a welcome in behalf of the state. She spoke of the cordial welcome of Gov. Hastings of Penna., who welcomed the State Convention in the name of the homes, wives, mothers and daughters of his state, and that the W. C. T. U. should ever hold him in kindly remembrance. Mayor Latrobe of Baltimore was then introduced and in behalf of the City extended a cordial greeting. After he had finished Miss Willard evidently well pleased with the Mayor's welcome said—"I consider myself a judge of a Mayor's speech, having sampled them for twenty years, and I consider this the best flavored of all."

The next one introduced was Rev. Wm. Bartlett, representing Cardinal Gibbons, who spoke a few words of greeting, then read a letter from the Cardinal, in which he complimented the work of the W. C. T. U., that he considered the Temperance Cause the most vital subject of the day, as the greatest number of crimes can be traced to this evil, and that those who were laboring in the repression of this vice were among the best benefactors to society and to the home.

Mrs. Haslip, President of the State Union of Maryland, and Mrs. Robinson of the City Union, both brought cordial

greeting. At the conclusion of these remarks the children of the L. T. L. of Baltimore, who had previously marched in, and were given seats on the platform, sang their welcome song, after which were given the responses. The special address given in response to the welcome was delivered by Mrs. Ella A. Boole of New York, followed by Mrs. Mary A. Goodale of Louisiana, Mrs. Helen Barker of Illinois, and Mrs. Ada W. W. of Oregon, and lastly Mrs. Chant of England, who created much enthusiasm and amusement by her eloquent and humorous address.

Saturday morning was devoted to reports of department superintendents. A short discussion over proposed amendments came next. The first amendment to make vice president-at-large a constitutional one was adopted. The amendment to make secretary of executive committee, was also adopted with pending amendment, which also provided that the National Superintendents should also be national members of executive committee.

Saturday evening was given to the "Young Woman's Christian Temperance Union." The program was varied and interesting, and was conducted by Mrs. Frances J. Barnes, national supt.

On Sunday the pupils were given largely to the W. C. T. U. delegates and attention to make vice president-at-large a constitutional one was adopted. The amendment to make secretary of executive committee, was also adopted with pending amendment, which also provided that the National Superintendents should also be national members of executive committee.
